

KELAMIX Elite

KELAMIX Elite is a 6% Fe-EDDHA iron chelate, microgranulated and totally soluble in water. It contains 4.8% iron in the ortho-ortho isomer, which is the most effective form available to plants. Prevents and corrects iron chlorosis.

CHARACTERISTICS

KELAMIX Elite is of extreme purity and high solubility, which allow to obtain high quality productions and an unbeatable performance. Its high solubility ensures penetration into the soil to the root zone quickly and effectively, guaranteeing the uniformity of treatments.

The first symptoms of the correction of chlorosis are observed after a few days after its application,

since it is easily absorbed and transported by the plant. This characteristic and its long persistence in the soil make it the ideal chelate to prevent and correct iron chlorosis in all crops.

CROP	DOSE AND INSTRUCTIONS OF USE
	Dissolved in water: in localized irrigation or micro-sprinkling, with the injection lance (max. 1-2 injections per m ² at 20-30 cm depth, or 4-10 injections per tree), or any other system that allows locating the product close to the root zone. KELAMIX Elite can be used whenever you want to correct an iron chlorosis, being advisable if applied before sprouting, as a preventive measure or when the deficiency appears, as a curative. In horticultural and ornamental crops, it will be applied at the beginning of the crop or at critical moments (flowering, setting, maturation, etc.) of the vegetation. In all cases it is advisable to treat on humid soils, to facilitate rapid absorption by the roots, as well as irrigation after application.
FRUIT TREES	Young trees 5 to 20 g/ft Adult trees 50 to 100 g/ft Nurseries 3 to 5 g/m ²
VINE	Young strains 3 to 5 g/ft Adult strains 5 to 10 g/ft Parral 10 at 20 g/ft
VEGETABLES AND ORNAMENTALS	Horticultural/ornamental..... 1 a 5 g/m ² Fertigation..... 35 a 70 g/m ³
The recommended doses are for guidance purposes, the result of different field experiences and trials. The composition of the product in its original container is guaranteed
